It is important that your grant is used effectively and based on school need. The [Education Inspection Framework](#) makes clear there will be a focus on **‘whether leaders and those responsible for governors all understand their respective roles and perform these in a way that enhances the effectiveness of the school’**.

Under the [Quality of Education](#) Ofsted inspectors consider:

Intent - Curriculum design, coverage and appropriateness

Implementation - Curriculum delivery, Teaching (pedagogy) and Assessment

Impact - Attainment and progress

To assist schools with common transferable language this template has been developed to utilise the same three headings which should make your plans easily transferable between working documents.

Schools must use the funding to make **additional and sustainable** improvements to the quality of Physical Education, School Sport and Physical Activity (PESSPA) they offer. This means that you should use the Primary PE and sport premium to:

- Develop or add to the PESSPA activities that your school already offer
- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- The Primary PE and sport premium should not be used to fund capital spend projects; the school's budget should fund these.

Please visit [gov.uk](https://www.gov.uk) for the revised DfE guidance including the 5 key indicators across which schools should demonstrate an improvement. This document will help you to review your provision and to report your spend. DfE encourages schools to use this template as an effective way of meeting the reporting requirements of the Primary PE and sport premium.

We recommend you start by reflecting on the impact of current provision and reviewing the previous spend.

Schools are required to [publish details](#) of how they spend this funding, including any under-spend from 2019/2020, as well as on the impact it has on pupils' PE and sport participation and attainment. **All funding must be spent by 31st July 2023.**

We recommend regularly updating the table and publishing it on your website throughout the year. This evidences your ongoing self-evaluation of how you are using the funding to secure maximum, sustainable impact. Final copy must be posted on your website by the end of the academic year and no later than the 31st July 2021. To see an example of how to complete the table please click [HERE](#).

Details with regard to funding

Please complete the table below.

Total amount of funding for 2022/23. To be spent and reported on by 31st July 2023.	£17,760
---	---------

Swimming Data

Please report on your Swimming Data below.

Meeting national curriculum requirements for swimming and water safety. N.B. Complete this section to your best ability. For example you might have practised safe self-rescue techniques on dry land which you can then transfer to the pool when school swimming restarts. Due to exceptional circumstances priority should be given to ensuring that pupils can perform safe self rescue even if they do not fully meet the first two requirements of the NC programme of study	
What percentage of your current Year 6 cohort swim competently, confidently and proficiently over a distance of at least 25 metres? N.B. Even though your pupils may swim in another year please report on their attainment on leaving primary school at the end of the summer term 2023. Please see note above	83%
What percentage of your current Year 6 cohort use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]? Please see note above	89%
What percentage of your current Year 6 cohort perform safe self-rescue in different water-based situations?	78%
Schools can choose to use the Primary PE and sport premium to provide additional provision for swimming but this must be for activity over and above the national curriculum requirements. Have you used it in this way?	No

Action Plan and Budget Tracking

All children given the chance to apply for this role in September

Key indicator 5: Increased participation in competitive sport				Percentage of total allocation:
				1% (£150)
Intent	Implementation		Impact	
Your school focus should be clear what you want the pupils to know and be able to do and about what they need to learn and to consolidate through practice:	Make sure your actions to achieve are linked to your intentions:	Funding allocated:	Evidence of impact: what do pupils now know and what can they now do? What has changed?	Sustainability and suggested next steps:
Continue to provide Inter House competitions for all KS2 children.	All KS2 children given the opportunity to represent their House in 5 different sports. Football, Cross Country, Tennis, Dodge ball & Tug of war	£150 ERPSSA annual fee to cover, hire of venues, coaches, medals etc.	Increase in participation since last year. Children have gained confidence and experience with a sense of pride of representing the school in a competitive environment.	This happens year on year. Our year 6 Sports captains wanted Dodge ball added this year, which unsurprisingly was a huge success.
Continue to promote inclusion in competitive sport with all children who wish to (or to be encouraged to) representing their school	Primary tracker log held across the school for sporting participation and encourage those who don't wish to compete to do so. All children in years 5/6 who have attended football clubs, given the opportunity to represent the school. This included B teams, which is fantastic for a small school.		Children thrilled and appreciated the opportunities to represent the school. Children gain in confidence through playing & are aware of next steps to improve.	This will continue next year if we have the uptake we've had this year, therefore no child missing out.
Ensure that as many sporting events as possible are entered so that pupils can gain maximum benefit.	Ensure as many children as possible represent the school during their time with us. Ensure coach travel is provided when needed.		Fewer opportunities available as a result of Covid & restructure of Active Surrey.	ERPSSA hoping to offer even more opportunities next year that I am keen for us to get involved with.
