

# Where do you keep your memories?

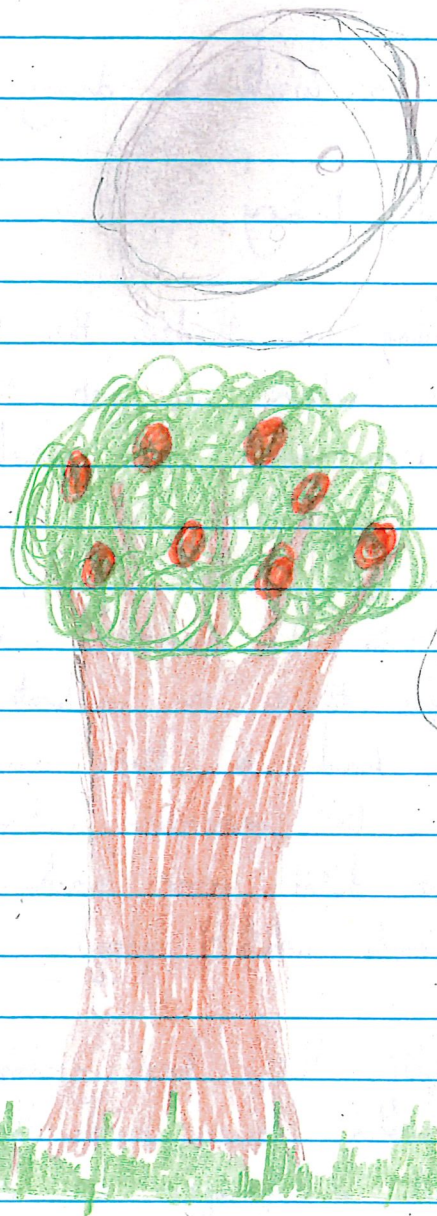

1

Search for them  
in dark caves  
gather them  
in strong waves

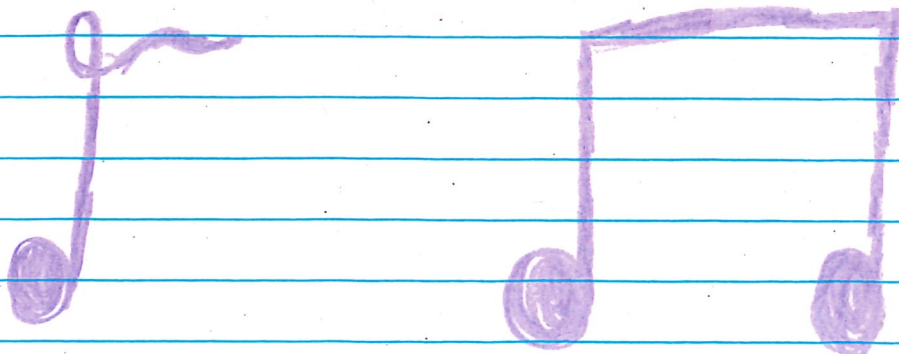

In your heart  
Creaky stairs  
They won't part  
They come in pairs

On your phone  
Maybe in songs  
They were known  
All along

The back of my mind  
A picture's edge  
You will find  
them in a hedge

A L - L A - L A - L A - L A - L A D I L

Where do you keep your memories?

Seek for them  
inside my head  
Search for them  
under my shed

Spider webs  
Around stars  
Window ledge  
Under Mars

Creaky stair  
River tunes  
Villins hair  
Lost ruins

Kitchen bowls  
Mobile phones  
Angry dolls  
Ring tones

Search for them,  
in the back of your mind,  
Gather for them,  
on the grind,

Listen for them,  
in songs,  
capture them,  
in tongs.

Find them,  
under a bed,  
seek them,  
in the shed,

Notice them,  
in your head,  
Grab them,  
before they are dead.

# Where do you find your memories?

Seek them  
in deep slays  
capture them  
from all the lies

Look for them  
in sunny oceans  
Fight for them  
even from the potions

Seize them  
from all the bad  
look at them  
and feel glad

Notice them  
in times of joy  
capture them  
in your favourite toy

# Where do find your memories?

Inhale them in.

Nostalgic air

Stick your finger

in the juiciest pear

Smile at all the fun  
and laughter,

Enjoy it here and there

Remember to love it all  
after,

to show you always care

Bring for them

when you're all alone

call them up

with your new phone

Leap over them with pride  
and joy

Remember them in your old  
toy

In drawings and

pictures and old

dusty frames

remember that life

is not all fun and

games.

## memories?

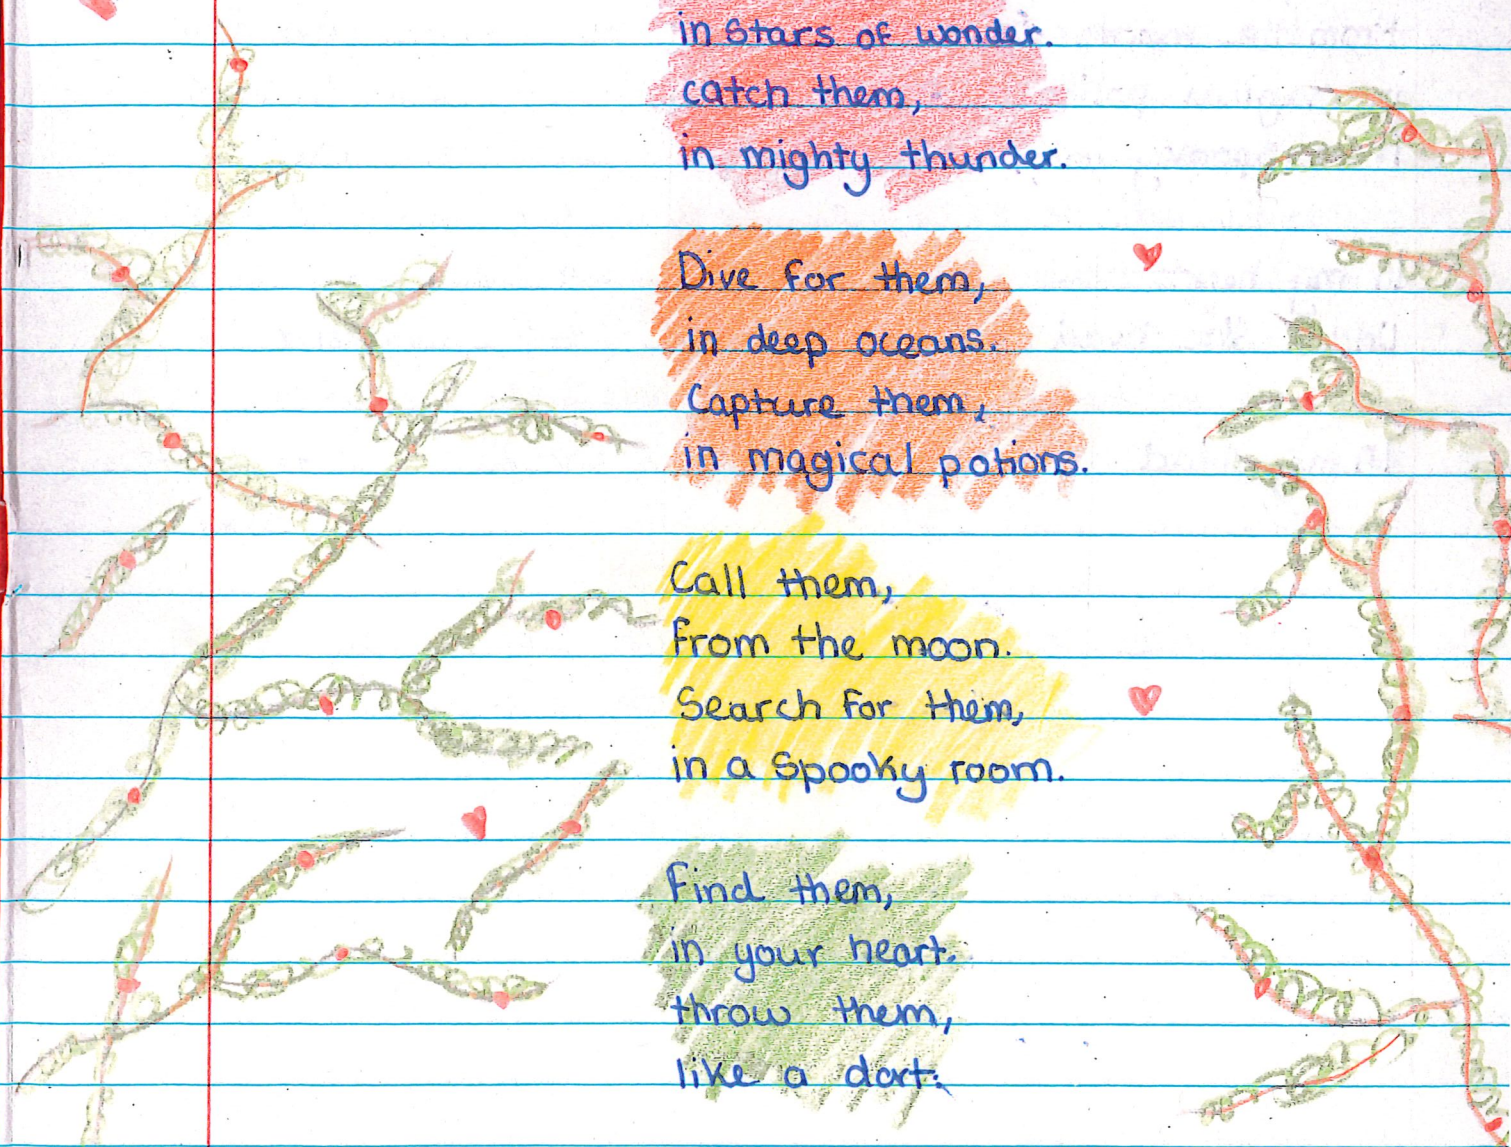

Hunt for them,  
in stars of wonder.  
catch them,  
in mighty thunder.

Dive for them,  
in deep oceans.  
Capture them,  
in magical potions.

Call them,  
from the moon.  
Search for them,  
in a spooky room.

Find them,  
in your heart.  
throw them,  
like a dart.

Where do you find your memories?

Remember them,  
on dark days  
Cry for them  
in happy ways

In your heart  
Shooting stars  
In forms of art  
Inside Mars

On a plane  
What is shown  
Cars on lane  
What you own

# Where do you find your memories?

Fight them in the skies

fall for them on a spider web

jump on them when you skydive

Keep them from the monster under the bed.

In your head

under the sea

to the moon ahead

in your memories.

In your classroom

maybe your toy

in the bathroom

definitely not the boys

In your heart

on your phone

songs that never fall apart

and maybe in your bones

Follow your memories,  
down memory lane,  
if you lose some,  
it is such a shame,

under my bed,  
in my heart,  
a spider web,  
Never apart,

In pictures,  
in laughter,  
in <sup>of river pure</sup> captures,  
in happy ever after

in the back of my mind,  
in what you said,  
in being kind,  
in my head

Where do you keep your memories?

Seek them at the top of a tree.

Dive for them in the darkest seas.

Pictures and games  
In friends and laughter  
Subjects and games  
To remember after

The shut doors  
The twisted keys  
The sharp claws  
The buzzing bees.

Annoying frienemies  
The top of the moon  
Wonderful memories  
That I hope to see soon!
